Online ISSN: 2477-4073

Belitung Nursing Journal is a bi-monthly peer-reviewed, open access nursing journal devoted to publishing research papers and scholarship about nursing education, health care delivery, organization, management, workforce, policy and research methods relevant to nursing, midwifery and other health related professions. BNJ aims to provide an international forum for the exchange of ideas and findings from researchers across different cultures and encourages research on the impact of cultural factors on nursing theory and practice. It also seeks to promote the transfer of knowledge between professionals in academia and industry by emphasizing research in which results are of interest or applicable to nursing practices.
