

# BELITUNG NURSING JOURNAL

**Volume 7 Issue 3: May - June 2021**

Launched in December 2015, Belitung Nursing Journal (BNJ) is a refereed international publication that provides a venue for the nursing scholarship with an Asian focus and perspectives from the region. We aim to highlight research on nursing science, nursing management, policy, education, and practice in the Asia-Pacific region and Asian communities worldwide to a broad international audience.

BNJ welcomes submissions of original research articles, review articles, concept analysis, perspectives, letter to editors, research methodology papers, study protocol, case studies, and guest editorials on various clinical and professional topics.

We also welcome "negative" results (i.e., studies which do not support a hypothesized difference or association) provided that the design was robust. Discussion papers that elaborate issues and challenges facing health care in one country are welcomed, provided the discussion is grounded in research-based evidence. The authors are addressing a global audience and a local one.

Nurses and midwives write most papers in BNJ, but there are no constraints on authorship as long as articles fit with the expressed aims and scope. BNJ's intended readership includes practicing nurses and midwives in all spheres and at all levels who are committed to advancing practice and professional development based on new knowledge and evidence; managers and senior members of the nursing and midwifery professions; nurse educators and nursing students; and researchers in other disciplines with interest in common issues and inter-disciplinary collaboration.

BNJ is an official publication of Department of Publication of Belitung Raya Foundation in Belitung Indonesia, jointly with Indonesian National Nurses Association of Belitung Indonesia (PPNI Belitung) and Prodi D3 Keperawatan Belitung Poltekkes Kemenkes RI Pangkal Pinang.

Belitung Raya Foundation is a non-profit organization that focuses on education, health, information technology, and the social and empowerment of the community. BNJ has been accredited by the Ministry of Science, Research, Technology and Higher Education of Indonesia (RISTEKDIKTI RI) with No: 10/3/KPT/2019, valid until 2024.

BNJ is indexed in Scopus, Emerging Sources Citation Index (Web of Science), Ovid EMCare (Elsevier), DOAJ, Google Scholar, SINTA, and Garuda.
